

URGENT!

IT'S HAPPENING HERE & NOW..

Our phones are ringing off the hook. Not only physically and socially, the economic damage has affected each and every one of us and is enormous. At the end of the food chain, there are families whose bread winners have lost their jobs due to the corona crisis and they have no way of covering their food and rent at this moment.

However, if there is one thing that cannot be rivaled it is that, as a community, **WE KNOW HOW TO COME TOGETHER**, to get through crises. **WE KNOW OUR COUNTRY & THE GREAT STRENGTH IT HAS.**

And whilst each of us will be worried about ourselves, there are people further down the chain whose situation is dire and immediate. Many of our donors are holding back in the face of the economic crush. Please don't be one of them! **We are in a crisis and this is the time we really need you, more than ever.** We cannot hug, but we can love and care for each other.

This is the **moment of truth**, where if everyone comes together and donates, (not matter how big or small), to our tax-deductible communal self-help fund, Telfed will be able to provide urgent relief to those who desperately need it.

At this critical juncture, it is our strength and united spirit that will save us. South/ern Africans in Israel - TOGETHER WE STAND AND TOGETHER WE WILL WIN!
